Speaks in Interest of Zionist Corporation.

Efforts to create a million-dollar corporation among public-spirited people of Texas for the purpose of erecting refrigerating plants in Palestine Asia, Minor, will be made by Jacob DeHaas, secretary for the Palestine Department of the Zionist Organization of America, who is in Dallas on the first stop of a tour of Texas cities.

Mr. DeHaas delivered an address touching upon the subject at Shaarith Israel at 8 p. m. He endeavored to interest the Jewish people of Dallas in forming the proposed corporation so that, with the assistance of

American Jewish people, Palestine may become the homeland of the race.

Texas was assigned the duty of rebuilding the refrigerating plants. A number of such corporations already have been formed.

"The corporation in Texas will be controlled entirely by Texas," Mr. DeHaas said. "Its directors will be appointed by Texas stockholders, and will be chosen at the Waco conference. It will be a policy in which we provide the key to an undertaking which will attempt to advance the whole economic development of Palestine."

Mr. DeHaas was executive secretary of the Zionist Organization of America for a number of years, during which time he was editor of the Boston Advocate. He was instrumental in bringing about recognition of Zionism by Great Britain, which declared that it would facilitate its ef-
